## Biohazard Waste and Infectious Linen Bags

Safe, identifiable collection of contaminated waste or linen

Poly bags allow safe collection and disposal of hazardous or contaminated waste. Each bag is printed in three languages (English, Spanish and French) with internationally-recognized symbols to clearly identify the contents and encourage proper handling and disposal. Red bags are printed for biohazard waste while yellow bags are designed for infectious linen, to easily identify waste for disposal or contaminated linen for laundering.

- Tubular construction with a single side seal and star-seal bottom provide a stable, leak proof bag (bags meet or exceed ASTM D1709 and ASTM D1922)
- Specifically labeled for biohazard material handling (red bags) or to segregate infectious linen (yellow bags)
- Available in 3 sizes, designed to fit either Justrite cans or Eagle drums

33 and 60 gallon bags are ideal for larger amounts of waste or consolidating smaller bags

Biohazard Waste Bags

Infectious Linen Bags

Bags are printed in three languages and include space to fill in other identification

Bags are available in three sizes:

**Justrite 15 gallon HDPE bags** have a high strength-to-density ratio to avoid punctures and tearing. Compatible with Justrite Biohazard Waste Cans.

**Eagle 33 gallon and 60 gallon bags** are ideal for larger amounts of waste or consolidating smaller bags. The LLDPE construction offers improved flexibility and shear resistance to avoid punctures and tearing. The 33 gallon bags are compatible with Eagle 30-Gallon Nestable Poly Drums; 60 gallon bags fit Eagle 55-Gallon Nestable or Straight Sided Drums.

15 gallon bags fit Justrite Biohazard Cans

33 and 60 gallon bags are compatible with Eagle Poly Drums

| Bag size  | For container size | Fits Justrite and Eagle models  |
|-----------|--------------------|---|
| 15 gallon | 6 gallon cans      | 05910, 05910R, 05914, 05915   |
|           | 10 gallon cans     | 05930, 05930R, 05934, 05935   |
| 33 gallon | 30 gallon drums    | Black: 1601BLK, 1601MBLK<br>Yellow: 1601, 1601M<br>Blue: 1601B, 1601MB<br>Red: 1601RED                                |
| 60 gallon | 55 gallon drums    | Black: 1655BLK, 1655MBLK, 1656BLK, 1656MBLK<br>Yellow: 1655, 1655M, 1656, 1656M<br>Blue: 1655B, 1655MB, 1656B, 1656MB |

| Model                       | Capacity              | Color  | Material Thickness | Dimensions             | Quantity | Packaging           |
|-----------------------------|-----------------------|--------|--------------------|------------------------|----------|---------------------|
