## Hand Sanitizer Gel

### Reduce bacteria on the skin that can lead to disease

With 70% alcohol, this antimicrobial hand sanitizer helps reduce germs on hands that may potentially cause disease. The gel-based formulation is enriched with moisturizers to keep hands soft and prevent dryness. Use between hand washings or when soap and water are not available. Available in 5 bottle sizes ranging from 2 ounces to 1 gallon, this hand sanitizer is perfect for busy homes, offices, or classrooms—place at desks, entrances and exits, in common areas, and in restrooms as part of a comprehensive hand hygiene program.

- 70% Alcohol—exceeds C.D.C. and W.H.O. guidelines
- Enriched with moisturizers to prevent dryness
- Fresh, clean scent quickly dissipates without any lingering odors
- Paraben free and dye free
- Multiple sizes available ranging from personal to bulk dispensing applications
